Acupressure-Laminated

Synopsis

Acupressure and acupuncture points mapped using multiple views of the full human body and major body parts. Beautifully layered illustrations display the surface anatomy with a transparent effect that offers a view of the deeper muscular structure for one half of the body, and transparent view to the skeletal structure on the other half. This tool can help with learning or teaching the practice, or as reference for those being worked on with acupressure or acupuncture.

Customer Reviews

I was a bit disappointed with the poster cause in description it made it sound like it was a indian description, such as bear something and moon something. Boy was I confused. It didn't give any kind of explanation on what it was referring to on the chart. Can someone shed some light on this poster. Thanks.

great chart . Really good to learn and to work wirh

Excellent resource while working on patients

Very nice and accurate.
