International Economics

Synopsis

Salvatore's International Economics provides information about fundamental institutions and relationships that affect quality of life, and provides a framework for thinking through and understanding the process of decision making. Furthermore, the text is designed as a primary text for an introduction to basic economics or principles of economics and offers a balanced presentation of macroeconomics and microeconomics. A must-have for business professionals, this book presents a comprehensive, up-to-date, and clear exposition of the theory and principles of international economics. Provides information about fundamental institutions and relationships that affect quality of life, and provides a framework for thinking through and understanding the process of decision making. Designed as a primary text for an introduction to basic economics or principles of economics and offers a balanced presentation of macroeconomics and microeconomics.

Customer Reviews

Just what I needed.

no problems

purchased for school for my son and the book arrived within a couple days and the condition it was advertised.
