Robert Frank: You Would

Synopsis

You Would is a sequel to Robert Frank's acclaimed *Tal Uf Tal Ab* of 2010. It contains recent images--some shot on 35 mm, others Polaroids--of Frank's friends, acquaintances and surroundings in New York and Mabou, Nova Scotia. In the book are also iconic images from earlier in Frank's career such as a photo of Delphine Seyrig and Larry Rivers on the set of Frank's 1959 film *Pull My Daisy*. This careful edit of new and old suggests that past experience tempers Frank's present, and shows that his life is not only recorded by book-making but shaped by it.

Customer Reviews

This is a small book full of mostly uninteresting photos. Not worth the purchase.

We are talking about Robert Franck, what else but 5 stars...

If you appreciate the art (and soul) of Robert Frank then you will love this book and its sibling volumes from Steidl, one of today's elite printers of photography books. If you don't, well, I'm not sure what to suggest :)
