Via Ferratas Of The French Alps (Cicerone Guide)

Synopsis

Recent years have witnessed a surge in the number of via ferrata routes set up in the iconic mountains of the French Alps. With routes set on or near many classics including the massifs of Mont Blanc, the Vanoise and the Queyras, this guide shows the best of what is now available. The 66 routes in this guidebook are grouped by area - Geneva and the Northern Alps, ChambÃ©ry, the Tarentaise and Maurienne valleys, Grenoble and BrianÃ§on - and run the full gamut of challenge, from very easy, protected routes suitable for children, through to extremely exposed and technical routes for experienced ferrataists only. Everything you need to know to take up this exciting sport is covered here, including techniques and equipment required and glossary of specialist terminology, and all the routes are graded for difficulty, exposure and seriousness. Routes are illustrated by topo diagrams on colour photographs, and simple sketch maps. Those used to the older Italian routes will find these French routes quite different, closer to scrambling or rock climbing and often seeking out the most vertigo-inducing terrain. But most routes should be within the reach of any strong hillwalker and protection is high and well maintained.

Book Information

Series: Cicerone Guide

Paperback: 352 pages

Publisher: Cicerone Press Limited; 1 edition (January 1, 2014)

Language: English

ISBN-10: 1852846488

ISBN-13: 978-1852846480

Product Dimensions: 4.8 x 0.8 x 6.8 inches

Customer Reviews

Excellent descriptions, could use better route maps.

Inspiring book, makes you want to get up and get going. - Fine guide to the best of the via ferratas.
