Customer Reviews

As with all colored pencil magazine magazines what I learned is a lot and what I miss is that it's just not long enough. The tips are great, especially when called when adding color for animals. I love the challenges. I also love seeing other artists' work.

Five stars, great articles, vivid photographs, a resource I will reference for a long time. Not overly stuffy, nor does it feel dumbed down. Useful.

An ok magazine but really not for the beginner. Too brief and not enough detail to assist me

Just started learning how to use Colored Pencils for my Art. Love this magazine. Full of great articles and tips.

A interesting magazine with good articles about colored pencil and how to use them. I hope to learn more and find more books and magazines to learn from.
