Demystifying Disney: A History Of Disney Feature Animation

Synopsis

Demystifying Disney: A History of Disney Feature Animation provides a comprehensive and thoroughly up-to-date examination of the Disney studio's evolution through its animated films. In addition to challenging certain misconceptions concerning the studio's development, the study also brings scholarly definition to hitherto neglected aspects of contemporary Disney. Through a combination of economic, cultural, historical, textual, and technological approaches, this book provides a discriminating analysis of Disney authorship, and the authorial claims of others working within the studio; conceptual and theoretical engagement with the constructions of 'Classic' Disney, the Disney Renaissance, and Neo-Disney; Disney's relationship with other studios; how certain Disney animations problematise a homogeneous reading of the studio's output; and how the studio's animation has changed as a consequence of new digital technologies. For all those interested in gaining a better understanding of one of cinema's most popular and innovative studios, this will be an invaluable addition to the existing literature.

Book Information

Paperback: 184 pages

Publisher: Bloomsbury Academic; Reprint edition (April 25, 2013)

Language: English

ISBN-10: 1623567440

ISBN-13: 978-1623567446

Product Dimensions: 6 x 0.4 x 9 inches

Shipping Weight: 10.6 ounces (View shipping rates and policies)
