Surf Odyssey: The Culture Of Wave Riding

Synopsis

"Cold-water surfing, the most remote surf spots, spectacular photography, illustrations, and custom boards: Surf Odyssey documents the modern cult of surfing as its own subculture and way of life. There's much more to surfing than palm trees and beach boy clichés. People surf not only in Hawaii, but also in Norway, South Korea, and India. Surf Odyssey is a book about the world of surfing today and those that live in it. This community is made up of the surfers themselves as well as surf photographers and board builders who are also spreading its distinctive spirit into other creative fields. Comparable to the new outdoor movement, today's surfing is about an attitude toward life, a lust for adventure, and a love of nature that one can only find far away from established spots. Surf Odyssey presents this scene's places, people, stories, and brands. Its stunning photography is sure to inspire many further surfing exploits."

Book Information

Hardcover: 256 pages

Publisher: Gestalten (May 25, 2016)

Customer Reviews

Great collection of content about esoteric surfers and wave riding. Not your typical action shots seen in sport magazines, this book chronicles various big personalities in surfing and focuses more on the lifestyle of these individuals.

Great photos. A really good book.
